

**Mission Statement
Of the
Executive Committee
To the
Cheyenne/Laramie County Cooperative GIS Program**

The Executive Committee will

1. Promote communication, cooperation, and support for the Cheyenne/Laramie County Cooperative Geographic Information System (GIS) Program;
2. Insure that all city and county interests are represented and will communicate between those agencies involved in GIS;
3. Serve as a focal point in the coordination between city and county agencies for the establishment of GIS policies, data integration and management, and pricing guidelines for mapping programs and products; and
4. Encourage input from all government agencies, private businesses, and citizens toward the ongoing success and development of the GIS Program.
